

**Delivery hot air 10 BAR (180°C)**

**Description and application:** Industrial hose manufactured for the delivery of hot air during the emptying and unloading of tankers carrying powdered abrasive products such as cement, plaster, granulates, and food grade abrasive like sugar and cereals

**Composition:** : Inner tube: White food grade EPDM rubber, resistant to high temperatures.  
Reinforcement: High tenacity textile, steel wire helix  
Cover: EPDM blue rubber, resistant to chemical residues, abrasion and atmospheric agents.

**Working temperature:** -40C + 180°C (peaks 240°C)

**Safety factor:** 3:1
